Nacton Church of England Primary School

Subject Overview: French

Intent

Children will learn vocabulary and grammar structures to enable them to communicate in French; both orally and using the written word. Early on, through songs and familiar phrases, children will develop listening skills and be able to repeat modelled words and phrases. The children will experience French culture and be able to read age appropriate texts.

Implementation

Modern Foreign Languages are introduced and celebrated in all classrooms, by learning greetings in different languages. If pupils within the school speak another language, or have another home language, this is particularly celebrated within their class.
Key Stage 2 pupils receive an hour of French lessons each week. Lessons are carefully planned to ensure progression, both orally and written.

Impact

By the end of Key Stage Two, children will have gathered knowledge about the French culture and language. They will be able to listen to, and understand French spoken to them and be able to respond appropriately. They will be able to read and understand French at an age appropriate level.

	Autumn	Spring	Summer
Cycle A (2024-25)	Des animaux au zoo	Le pique-nique	Moi et mes animaux
